Important closure information

*If we call the schools to cancel tutoring for any reason, the school will make the following announcement:
“The afterschool tutoring program for The Lutheran Church of The Good Shepherd is cancelled for today.”
If students hear or see any information that doesn't say this, please contact the school office to verify, as other after school programs operate at the school.

We will make every effort to contact parents and tutors to let them know that our program is cancelled. If we don't talk with you directly, we will try to leave a message.
